La forza del cemento incontra la ceramica.

Materia è una collezione realizzata per enfatizzare la matericità imperfetta della superficie, la tensione emotiva che si genera quando un elemento minimalista come il cemento incontra il calore del prodotto ceramico in un perfetto mix di grafica e toni. Cinque sono i colori estremamente naturali che donano luce a tutti gli spazi, tre sono i formati che vanno dal 30x60 al 90x90, 60x60, ideali per rispondere alle esigenze di tutti gli stili abitativi attuali.

The strength of concrete comes together with ceramic tiles. Materia is a Collection produced to emphasise the flawed texture of the surface, the emotional tension that is generated when a minimalist element such as concrete comes together with the warmth of a ceramic tile product in the perfect blend of graphics and tones. Available in five extremely natural colours that flood any setting with light, and in three sizes ranging from 30x60 and 90x90, 60x60, making this collection ideal for accommodating the needs of all the latest domestic styles.
