Dado Ceramica

GO GREEN

Le collezioni GoGreen sono la soluzione di Eco-DadoGroup per una produzione ecologica di gres porcellanato! Permettono infatti la riduzione delle emissioni in tutte le fasi di produzione e durante il ciclo di vita dei prodotti, puntando ad un impegno per la sostenibilità ambientale di lungo periodo!

I prodotti GoGreen sono realizzati con smalti di ultimissima generazione, garantendo gli effetti materici e l'eccellenza estetica che da sempre contraddistinguono le collezioni del gruppo pur mantenendo invariate le caratteristiche tecniche anche sui nuovi spessori.

The GoGreen collections are the Eco DadoGroup's answers to the ecological transaction in the production of porcelain stoneware, reducing the emissions at all stages of manufacturing and of the life cycle, focusing on a long term commitment with sustainability.

The GoGreen products are made with the new generation glazes and material effects to guarantee the excellent aesthetic continuity that has always distinguished our collections, meeting the same technical standards regardless the new thicknesses.
